Product Information

The ESD Cleaning Wipe provides fast and safe cleaning in almost any production environment. Using a strong, shred-proof, disposable wipe, it is well suited for cleaning ESD mats, bins, benches, tool racks and more.

Versatile, it cleans flux, uncured adhesives, dirt, grease and oils. It also removes finger prints and light oils. With excellent materials compatibility it is both safe and easy to use.

Money-saving refills are available from *MicroCare* (photo to the right). These contain the same wipes and fluid as the tubs above, but reduce costs and help protect the environment by encouraging the re-use of packaging.
